

FOR IMMEDIATE RELEASE

MIKE TUCKER APPOINTED AS CEO OF VT SVC

Alexandria, VA, 22 May 2007 – VT Systems Inc today announced the appointment of Michael A. Tucker as CEO of its subsidiary VT Specialized Vehicles Corporation (VT SVC). Mr Tucker will concurrently serve as President of both the Hackney and Kidron divisions. VT SVC, comprising the two divisions is headquartered in Washington, NC and is one of the leading specialty truck design and manufacturing companies in the US.

Mr Tucker joined VT SVC's Hackney division in 1990, holding several leadership positions in operations and sales prior to being appointed President in 2001. Under his leadership, Hackney has executed a successful market and product diversification strategy that has resulted in a doubling of sales since 2002 with record profits achieved in 2006.

Kidron is the country's largest manufacturer of multi-stop refrigerated truck bodies and trailers, primarily serving the food service industry, with operations in OH, FL, CA and PA. Hackney, operating in NC and KS, is a leading producer of specialized aluminum bodies and trailers servicing the beverage, emergency rescue, vending and contractor service markets.

"We are delighted with Mike's appointment as CEO, VT Specialized Vehicles Corporation. Leveraging his success at Hackney, and his extensive experience in producing specialty vehicles, we are confident that he will continue to drive the company's future growth and build on the company's reputation in delivering quality products to the industries."

**~ General John COBURN (USA, Ret.)
Chairman and CEO, VT Systems**

VT Specialized Vehicles Corporation (VT SVC), a company of VT Systems, is the leading manufacturer in North America for specialized truck bodies and trailers that services the multi-stop food and beverage service distributors and municipal emergency rescue departments.
